BUYING ON INSTALLMENT
Automobile and household equip-
ment constitute the bulk of the com-
modities that are bought on the in-
stallment plan, according to Guy H.
Hulse, secretary of the National Re-
tail Credit Association.
The annual installment business of
the United States, Mr. Hulse reveals,
runs around \$6,500,000,000—an amaz-
ing sum. Fully \$3,500,000,000 of this
sum is for automobiles. Radios are in
second place, with an even billion dol-
lars; electric refrigerators come next,
with \$800,000,000 and vacuum cleaners
follow with \$700,000,000.
The nature of the articles bought on
the installment system shows how
small is the risk involved. An auto-
radio, an electric refrigerator or a
vacuum cleaner makes excellent se-
curity for the house that advances the
money. And the system unquestion-
ably makes for a far wider distribution
of these articles than would other-
wise be possible.

**THE CITIZENS MILITARY
TRAINING CAMP**
Seven years ago this summer the
first Citizens Military Training Camp
was held at Jefferson Barracks. The
training offered was intended to offer
an opportunity for ambitious young
men to win commissions in the Offi-
cers' Reserve Corps and a course of
higher training in military arts.
The fact that the number of applica-
tions for these camps continues to
grow each year and is far in excess of
the number the camps can accommo-
date, is evidence of their increasing
popularity, and this may be attributed
to the growing appreciation of their
usefulness.
The appeal of the camps is some-
thing more than the attraction of a
month's outing at Government ex-
pense. The training given the young
men is rigorous. The discipline they
maintain is strict. The course of in-
struction has for its object the cul-
tivation of habits of obedience to
authority, loyalty to country, atten-
tion to health, and observance of
moral law. Those who are admitted
are carefully selected with regard to
character, mental and physical fit-
ness, but irrespective of social status,
financial standing or place of birth.
They constitute a powerful force for
democracy and the teaching of funda-
mental principles of patriotism.
We are now, and have been for
almost a decade, doing what we did
not do before the outbreak of the
great war, and we are better for it.
In many ways, it is foolish to
assail these camps and their work at
tending to "militarize" the youth of
the country. They should be encour-
aged and defended by all Americans
who believe their country should be
prepared to defend itself. The thou-
sands of young men throughout the
country who attend them deserve the
nation's respect.

**MOP CATCHES FIRE
IN HOSPITAL ROOM**
A fire alarm was sounded at the
Jacksonville State hospital Friday
morning at 4:45 o'clock when smoke
was seen coming from a closet in the
main building. The hospital whistle
blew and the city department made a
run, but the blaze was confined to a
floor mop and there was practically no
damage.
The mop caught fire from some un-
known cause in a small closet in the
west part of the building. An at-
tendant carried it out and the danger
was over.

**LOCAL ODD FELLOWS
TO LODGE MEETING**
Forty Jacksonville Odd Fellows
from Illini Lodge No. 4 and Urania
Lodge No. 243 went to Bluffs Thurs-
day night and attended a meeting of
Morgan County Odd Fellows Associa-
tion. Although located in Scott coun-
ty, the Bluffs lodge expressed desire
to affiliate with the Morgan county
association, and this has been accom-
plished.
One hundred and eight lodges
were at the Bluffs meeting, coming
from several towns of this county. A
class of candidates was initiated, the
work being followed by a program
and refreshments.
One of the features of the program
was a group of songs by the I. O. O.
F. quartet consisting of Maurice
Peckham, Benjamin Denny, Mr. Lewis
and Gus Waltman.
C. M. Maynard of this city is presi-
dent of the County Association and
E. L. Craft is secretary.

checkers may be placed in such a way
that no checker is in line with another,
horizontally, vertically or diagonally.

**The World
And All**
By Charles B. Driscoll
History Some More
Mrs. Ruby Carman, of Florissant,
Colorado, has written a history of the
United States in five hundred appro-
priate words. Her
writing has a
flavor of oratory
in it, such as is
favored by many
monument makers.
Judge it for your-
self.
AMERICA
By faith, Chris-
topher Columbus,
a sailor of Genoa,
Italy, setting out
to do what no
man had done be-
fore, discovered
America in the
year A. D. 1492.
From e v e r y
maritime nation came then the ex-
plorers, the vanguard of that host of
adventurers and homeseekers which
hastened to the New World.
Believing that they had sailed
around the world and reached the
East Indies, the explorers called the
first American states the Indies. The
white men treated the Indians
cruelly, thus starting a feud that
lasted for centuries, and cost many
lives.
The first permanent settlement was
made by English colonists in 1607.
England claimed the American col-
onies by right of settlement. Disagree-
ment with the Mother Country over
representation and taxation led to
revolution in 1776. The colonists won
their independence.
Inseparable from the history of the
times stand the names of Benjamin
Franklin, the practical Thomas Jef-
ferson, the wise Alexander Hamilton,
the clever John Marshall, the judi-
cial George Washington, the power-
ful of the new republic.
Carrying on their great experiment
boldly, without precedent or pattern,
the first American states devised the
Constitution, which remains the foun-
dation of our government.
The new nation grew rapidly.
To it came liberty-loving people
from all lands.
Ever they pushed westward. Where
appeared the log cabins of their set-
tlements, there appeared also churches
and schools.
With the development of steam
power, came vast industrial changes.
With the growth of Negro slavery in
the southern states arose such fric-
tion between the North and South
that the threat of the South to secede
from the Union culminated in Civil
war in 1861.
Abraham Lincoln, then president,
freed the slaves and led the fight to
save the Union.
In 1865, the southern commander,
Robert E. Lee, surrendered. Followed
then a difficult period of reorganiza-
tion for the southern states.
Now began an era of unprecedented
change in the West. The pio-
neers, aided by the Homestead Act,
which opened the public domain for
settlement, pressed on until American
homes were established from sea to
sea. Railroads followed them. Com-
merce expanded. Great cities came
to be. The original thirteen colonies
grew to be a nation of forty-eight
states.
Such expansion brought grave
problems. Again a strong leader ap-
peared: Theodore Roosevelt.
Research and invention progressed.
Applied science brought higher stand-
ards of living to the entire popu-
lation.
In the year 1914, a conflagration
burst from the smoldering rivalries
of the elder world, from which Amer-
ica could not escape. Standing for
the rights of neutrals and the sacred-
ness of treaties, she entered the war
in 1917, enabling her allies to dictate
the terms of peace in 1918.
Peace has returned to the battle-
fields in France, but the world is not
at peace. Down amid the cross-cur-
rents of international jealousies,
hatreds and fears, lies the task which
the sons and daughters of the pio-
neers must face—Tomorrow.

HOW TIME FLIES
Fifteen Years Ago
E. J. Howells, Central Union district
manager, returned to this city from a
month's tour through the west made
in conjunction with a trip to the
Knights Templar convocation at Los
Angeles.
Glenn Eby and Harold Hamm
were selected as the two boys to rep-
resent Morgan county at the state
fair training school.
Twenty-three people wrote the
teacher's examination held at the
court house.
The members of the Opportunity
class of the Grace church Sunday
school were entertained by Mrs. O. H.
Pilson at her home at 203 West Gen-
eral Wood.
James L. McDonald was listed
among the candidates for the office
of county commissioner.
Roland Kiel was suffering from a
painful injury to one of his hands
while working at the Swift Packing
house.
Twenty Years Ago
Mrs. Mary Berndt of 334 East Mor-
ton, was reported to be in a critical
condition after suffering a stroke of
apoplexy.
Announcement was made that
Arthur D. Emmerson and Miss Jessie
Brown, both of this city were married
Monday, Mr. Emmerson, Mr. W. M.
Esquire R. W. Reid was called in
death after an illness of short du-
ration.
A new front was being placed in the
Bahian building occupied by Wolf
Bros.
Dr. C. E. Cole of this city was united
in marriage with Miss Bess Dace of
this city, aided by the Homestead Act.
A large number of relatives and
friends gathered for the funeral ser-
vices held for George M. Coons.
W. C. Bradish returned from ex-
tended trip to the southern part of
the state.
Thirty-five Years Ago
F. L. Sharpe went to Griggsville to
spend the day.
Charles C. Capps left on a business
trip to Quincy.
J. B. Wharton left for Chicago to
spend several days attending to mat-
ters of business.
Freddick Ridgely left for Springfield
to visit at the home of his father.
Cornelius Goltra was reported as be-
ing seriously ill.
S. H. Tilden, principal of the Mur-
rayville schools for several years had
been given a similar position at
Girard.
M. F. Short of Franklin injured one
of his eyes when he fell from a binder.
The Waverly mills started up again
after having been closed for a time
on account of repairs being made.

**STATE ENGINEER AT
LOCAL INSTITUTION**
In view of extensive additions and
repairs to be made at the Jacksonville
State hospital during the next two
years, L. A. Schneider, consulting en-
gineer employed by the state, came
here Thursday and made an inspec-
tion of the institution buildings and
grounds. Mr. Schneider, who is affil-
iated with the Division of Architecture
and Engineering, will return to the
city next week to complete inspec-
tion and surveys covering the im-
provement program for the next two
years.
The consulting engineer paid special
attention to the ex-service men's
buildings at the hospital where ex-
tensive additions are to be made.
Sponsored by the American Legion,
the appropriation bills for additions to
the soldiers' unit already have been
passed by the legislature and signed
by Governor Emmerson.
Additions and improvements costing
\$101,870 will be constructed at the
soldiers' unit. As these are much
needed it is probable that they will be
built first. The appropriation makes
possible a new kitchen, more day room
and dining room space and an addi-
tion to the present hospital. A com-
plete sanitary drinking water system
also will be installed.
The hospital management has just
completed the installation of a light-
ing system on the two clay tennis
courts. This permits night playing
and the equipment already has been
tried out with success. The new
miniature golf course also is lighted
for night playing.

CIRCUIT COURT NEWS
Judgment by confession has been
entered in circuit court in the case of
the Avers National bank vs. Mr. and
Mrs. Lester L. Hart for the sum of
\$1,853.05. Judge Owen P. Thompson
is attorney for the bank.

TODAY'S TALK
By GEORGE MATTHEW ADAMS
Author of "You Can't," "Up," "Just Among Friends,"
ON FURNISHING THE MIND
I go into many homes. A home is
as interesting as a human being, for
it is, in a sense, one or more human
beings, pictured out in the furnis-
hings and arrangements.
You can measure the people who
live in a home largely by the way they
have their home furnished—not the
amount of money expended, but by
the amount of taste, ingenuity and
love for beauty and arrangement that
has been revealed.
We all furnish our minds. Of
course you cannot walk right into
another's mind, but you can catch
the spirit of it. The more conversant
you are with the mind of another, the
more you are able to reveal the per-
fectly furnished mind, or one just top-
sy-turvy. You often feel yourself within
a mind that is bare and bereft of
I was reading an interesting essay
last night toward taste and beauty.
By Sir Walter Raleigh the other day
in which he spoke of people who fur-
nished their minds with second-hand
knowledge, and much of that upside
down, and with no semblance of order,
or form, or taste about it. He spoke
of those who made of their minds a
"bleak warehouse."

**WORK BEGINS ON
ROUTE 111 SOUTH
OUT OF WAVERLY**
Work on Route 111 which will give
Morgan county another hard road
out has been started south of Waverly.
It was reported here today. The
right-of-way from Waverly to the Ma-
coupin county line is being made
ready. Fences moved back and hedges
removed. The work is done by the
state, no contract having been let for
this section.
The projects are bright for completion
of Route 111 from Waverly to Mo-
desto by this fall. The right-of-way
from the county line to Modesto has
not yet been secured, but Macoupin
county officials are working to open
up the route. It is believed this will
be accomplished within a few days
so that the work can be extended
on into the adjoining county.
**PATCHES TO ATTEND
OHIO CONVENTION**
Dr. and Mrs. C. C. Patchen will start
Sunday morning, July 12, for Youngs-
town, O., where the doctor will attend
the fifth Clinical Convention of Am-
bulant Proctology. They will stop for
a short time on route at the home of
their niece, Mrs. W. M. DeSollar, at
Maywood, Ill.
Dr. Patchen will read a biographical
sketch of Dr. Milton W. Mitchell, a
pioneer physician of Concord, Ill., and
the discoverer of the office methods of
treating hemorrhoids. Dr. Patchen
has made a careful study of the life
and labors of Dr. Mitchell and finds
that he was very much maligned and
misunderstood. He is pleading for
justice to be done the memory of this
worthy man. The sketch will give
much new information about this in-
teresting character. He will announce
a plan to erect a suitable memorial
to the grave of Dr. Mitchell.
The funds to be raised by popular sub-
scription.
A pilgrimage will be arranged to
visit the grave at Avila, Kan., and
dedicate the memorial tablet as soon
as sufficient funds are available.

**ADOPT RULES TO
GOVERN DIAMOND
BALL ACTIVITIES**
Eight Teams Prepare to Begin League
Season Next Week—All Games
Scheduled to Begin at 6 p. m.
Eight playground baseball teams
made up of players from various
churches, industrial plants and clubs
are ready to begin a series of league
games next week. The league was
organized by the Y. M. C. A. under
leadership of Secretary A. D. Her-
mann.
The majority of the contests will
be played at the Jacksonville High
school athletic field, but it may be
necessary to use another diamond
when two games are scheduled for
the same evening. Several practice
sessions already have been held by
the teams.
A meeting of captains and repre-
sentatives of the clubs was held at
the Y. offices, and the following rules
were adopted to govern the season's
play:
A Governing Board—Consisting of
the captains of the teams shall meet
on call.
Umpires—Each captain shall fur-
nish one umpire for each game. The
umpire's judgment shall be final ex-
cept as that may conflict with offi-
cial rules. The captain alone shall
have the right to protest against a
decision.
Games—Shall be scheduled to start
at 6:00 p. m., with a 30 minute lee-
june before the game is declared for-
feit. If at least 7 members of the
scheduled team are not present at
that time the game shall be declared
forfeit. Seven innings rather than
nine, or at least four complete in-
nings, make a game.
Teams—Shall be composed of 10
members. If only 7 or 8 are pre-
sent, the open positions may be filled
with substitutes (subject to the ap-
proval of the opposing captain) who
shall play only until the regular men
show up. Or the game may be played
with the 7 or more regular players.
This gentlemen's agreement should
not be abused.
No player shall play on more than
one team.
Reports of the games must be made
by the captain of the winning team
to the Sports-Editor of the Journal
immediately following the game, giv-
ing the line-up of both teams, the
scores and interesting items of the
game. He may appoint some one to
assist him in this, but failure to re-
port makes the team liable to loss
of credit for a win.
Ball and bat shall be furnished by
each team for each game. The bat
should have a taped handle to help
prevent accident. The ball need not
be a new one but must be in good
condition. If, in the opinion of the
umpire, there is a noticeable differ-
ence in the quality of the balls, the
pitcher shall pitch the opposing
team's ball (except as a substitute
ball is called for). This is to dis-
courage using a poor, soft ball.
Glove—Must be worn by catcher
and first baseman only.
No Spiked Shoes.
Shoes—No spikes or pegs of any
kind are to be used.
Pitching—By underhand, full arm
swing, parallel to the body. The
pitcher must come to a stand with
both feet on the plate, then may step
forward with one foot, keeping the
other in contact with the plate until
after delivering the ball. (Penalty—
called a ball.)
Bunts are not allowed. Batter at-
tempting to bunt shall be out.
Batter is out immediately after 3
strikes, whether the ball is caught or
not.
Base runner leaving his base on a
pitched ball before it has reached or
passed home plate shall be called
out.
A run can be scored only on a hit
or play. No run can be scored on a
throw-back or wild pitch, but can be
on an overthrow to baseman.
Runner limited to one base on a
passed ball or overthrow.
Dead ball is a pitched ball that hits
the batter. It is called a ball. How-
ever, it is out immediately after 3
strikes, whether the ball is caught or
not.
The base runner cannot advance.
An Infield Fly—If, before two are
out, while first and second, or first
and second and third are occupied, a bat-
ter hits a fair fly ball other than a
line drive, that can be handled by
an infielder, it is an infield fly. As
soon as it is hit the umpire shall call
the batter out. The runners may ad-
vance at the risk of the ball being
caught the same as on any other fly
ball. (Rule 17, Sec. 11.)
Cutting a Base—Even though an
umpire sees a base runner fall to
touch base he must not rule the run-
ner out unless players of the team in
field call his attention to it.

**ARMY BLIMP DRAWS
ATTENTION HERE**
Flying less than 100 feet high with
engines idling, the U. S. army TC8
blimp from Scott Field near Belleville,
slowly circled over Jacksonville's busi-
ness district Friday morning. The
blimp appeared over the city at 8:45
and for nearly a half hour entertained
the hundreds of persons who came out
on front porches and in the streets to
watch its smooth progress through
the air.
The blimp's navigator apparently
wanted the citizens of this community
to get a good look at the big ship, for
he brought her down near the tree
tops. Over the public square the ship
passed within 50 feet of the seven
story Ayers National bank building.
The number of the blimp could be
seen with ease, as could the crew
under the big bag. A number of per-
sons obtained field glasses and
watched the ship and crew, getting a
good idea of this form of travel. After
lazily working back and forth over the
city for a half hour, the dirigible
seemed to tire of the slow pace and
suddenly the motors burst into re-
newed action. With flags flying a
parting salute, the nose of the blimp
turned south and headed over open
country.
There was no advance notice of the
ship's coming but it instantly attract-
ed much attention. Frequently the
dirigibles that are stationed at Scott
Field are taken on a cruise for train-
ing purposes. Only recently a blimp
went to St. Paul, Minn., and back to
Belleville. This is probably the first
time that a blimp has flown so low
over this community.

Sunday Church Services

Westminster Presbyterian Church—West College Avenue and Westminster St. William C. Meeker, minister.

9:30 a. m. Bible school. W. J. Brady superintendent. Mrs. F. B. Oxtoby, Junior department; Miss Rhoda Zachary in charge of primary department. Visitors welcome.

10:45 a. m. Public worship. The pastor will preach a communion sermon. The Lord's Supper will be administered. Mrs. Edgar Martin, organist will play "Elevation in E Flat" by Gullmunt, and "Improvisation" by J. S. Bach. Mrs. H. C. Woltman will sing "God is Love" by Old. The offering will be for the Session Fund. We welcome open communion and welcome all Christians to participate with us.

7:30 p. m. Union service on the lawn of Grace M. E. church in charge of Illinois College. Rev. F. B. Oxtoby D. D. will be the preacher.

Tuesday afternoon the Women's Missionary society will be entertained by Mrs. Emma Smith, Mound Road. The devotional service will be in charge of Mrs. B. C. Nelms. Stewardship will be presented by Mrs. W. C. Meeker, and "The American Indian" by Mrs. C. L. Mott.

The Morgan county Dry Convention will be held in Grace M. E. church Friday, Hon. G. P. Lappey and Senator A. S. Culbertson will speak.

Woodson Christian Church—Ralph V. Callaway, minister. Sunday school 9:45 a. m. Mrs. Mae Dowling, superintendent. Morning service of worship 10:45. The Lord's Supper and sermon. A Four-fold View of the Lord's Supper. Christian Endeavor at 7 p. m. "How Far Can We Follow Jesus?" John 11:14-16. Evening preaching service 7:45. "Thy Will Be Done."

West Jacksonville Circuit—J. O. Gearhart, pastor. Ebenezer Sunday School at 9:45. Worship service at 11:00 a. m. Epworth League at 7:30 p. m.

Wesley Chapel morning preaching and worship service at 9:30 a. m. Sunday school at 10:30 a. m. The Epworth League will meet with Elvira Richardson on Friday evening July 17th.

Northminster Presbyterian Church, Court street at First—Harry Lott, minister. Mrs. Grace Ferreira, organist. Frank Bracewell, choir director. Charles E. Souza church school superintendent.

Church school 9:30 a. m. A place for the entire family. Bring the children.

Morning worship 10:45 a. m. Sacrament of the Lord's Supper. Anthem by choir. A welcome to all.

C. E. punier and senior. A welcome to all young people. Come. Union service on Grace M. E. lawn at 7:30 p. m.

Mid-week service Wednesday evening at 7:45. Bible study. This church extends a welcome to all. Come for your welcome.

Riggs M. E. church—G. W. Flagg, pastor. 9:45 a. m. Sunday school. G. Howard McCullough, superintendent.

10:45 a. m. Election of delegates. All members of the church should be present for the same.

11:00 a. m. Morning worship. Sermon subject "In His Laboratory."

Central Christian Church—Minister, Myron L. Pontius. Supt. of church school, C. L. Mathis. Church school at 9:30. Morning worship at 10:45. Dr. Pontius will preach upon the theme "In the Valley But in Sight of the Mountain Top."

Union service on Grace Church lawn at 7:30. Dr. C. H. Rammekamp president of the Illinois College will bring the message. Welcome.

Winchester First Baptist: F. V. Wright, minister. Bible school at 9:30. Morning worship at 10:45. Topic, "The Eleventh Commandment."

No Epworth League service on account of the young people attending the Institute at Old Salem, Petersburg.

Union services at the Baptist church at 7:45. The Rev. L. A. Crown will be the speaker.

Winchester First Baptist: F. V. Wright, minister. Bible school at 9:30. Morning worship at 10:45. Topic, "The Eleventh Commandment."

No Epworth League service on account of the young people attending the Institute at Old Salem, Petersburg.

Church of God, 638 N. Main—A. L. Childers, pastor. Sunday school, 9:45 a. m. Preaching at 11 o'clock.

Young peoples and children's meeting at 7 p. m. and preaching at 7:45 p. m. Prayer meeting Thursday night at 8:00 o'clock.

Come! You are welcome. The Salvation Army, 110 E. Beecher avenue.

Sunday morning Holiness service, 11:00. Topic, "Full Salvation."

Sunday afternoon Sunday school, 2:30 o'clock.

Sunday evening young peoples service, 8:30.

Sunday evening service 8:00. Topic, "Man's Most Common Sin."

Come and bring a friend. Captain and Mrs. Hodgeman, officers in charge.

Salem Ev. Lutheran Church—J. G. Kuppler, pastor. Sixth Sunday after Trinity.

Sunday school at 9 a. m. Morning worship at 10 a. m.

The pastor's sermon subject will be "The True Worship of God."

At 2 o'clock p. m. the quarterly congregational meeting will be held. Every voter is expected to be present.

The Senior Walthers league will meet Thursday evening; the Juniors will meet Friday evening.

A cordial invitation and welcome is extended to this Lutheran service.

GOVERNOR CUTS MILLIONS FROM APPROPRIATION

(Continued From Page One) for this construction was authorized and should be made.

"However, it was agreed in the general assembly that claims for refunds to cities should not be individually considered but should be referred to a committee to be considered fairly and uniformly, and when approved to be paid under a general law. This commission has been provided for by H. B. 942.

"In accordance with this understanding many similar claims of equal value, amounting to several millions, would be breaking faith if I permitted this bill to become a law."

One of the other three bills vetoed today, S. B. 875, Barr, would have abolished township collectors, except in certain localities, and turned their duties over to county collectors.

"Claims have been made that this change would have resulted in a saving in the cost of collecting taxes. It has been represented just as emphatically that no saving would result. Which is correct is difficult to determine.

Tax Question "I am in entire sympathy with legislation intended to simplify and make more effective all of the statute provisions relating to assessing and collecting taxes. I have repeatedly urged this subject as a matter for the consideration of the general assembly.

It is my belief, however, that this should be done after careful consideration of our whole revenue system, and not hastily considered legislation, which would result in a minor detail and the consequences of which are not fully appreciated."

The third bill vetoed, H. B. 1091, Doyle, would have required county treasurers in each county to advertise annually for bids from banks in the county for interest on county monies to be deposited.

Dangerous Bill "The purpose of the bill is entirely meritorious," Governor Emmerson said in his veto message, "and the provisions for carrying it into effect have my unqualified approval. However, the bill is so framed as to be so serious as to render the entire bill unworkable and dangerous."

After pointing out the lack of prosperity safeguards, and the situations that could arise, endangering county monies because of the imperfections of the bill, Gov. Emmerson said: "I regret greatly that this bill was not more carefully framed to accomplish the purposes intended but because of the obvious and fatal defects in its present form, I am obliged to veto and withhold my approval."

The last of the four bills vetoed today, S. B. 473, Courtney, which would have amended portions of the City Civil Service act, was vetoed. Gov. Emmerson explained, at the request of its author. He also stated that the mayor of Chicago had informed him that the bill if passed would become a law, would seriously upset the policy of the Chicago mayor's administration in regard to public service.

The other bills vetoed were: S. B. 205, Monroe—Permitting courts to allow the private sale of real estate involved in an estate. Vetoed by the governor because the bill fails of its avowed purpose to permit a private sale, and still safeguard the rights of interested parties.

S. B. 415, Roberts—Making it a misdemeanor for a creditor to serve a demand on an employer to garnish the wages of an employee unless the claim against the employee has first been reduced to judgment. Vetoed because of its congruities, and because there is no reason why monies or credits for service should be protected to aid in defrauding creditors.

H. B. 941, Durand—Imposing a liability of an insurer upon brokers for all property pledged with the insurer. "If this liability is imposed upon pawnbrokers it will necessitate an increase of rate to the borrower and will pass this expense on to those who can poorly afford to pay for it."

The requirements of this bill are unreasonable.

H. B. 553, Igoe—Amending the park policemen's annuity and benefit fund. Vetoed because S. B. 767, already approved by Gov. Emmerson, and now a law contains identical provisions.

Social and Club Events

Baptist Church Class Members Meet

Members of the Amoma class of the First Baptist church were in session last evening at the church for a business discussion and informal program. They opened the period with a supper at six-thirty o'clock which had been supervised by a committee composed of Mrs. J. S. Baker, Mrs. B. J. Bergh, Miss Anna Kirk and Miss Ada Brunk.

The business meeting was presided over by Mrs. T. O. Hardesty and called for reports from various committees. A program was then given with Mrs. R. L. Dumas in charge.

Mrs. Joy, Mrs. Harney Return from North

Mrs. Charles Joy, 1120 West Lafayette avenue, and Mrs. Denham Harney, 931 West Douglas avenue, returned to their homes last evening after a visit of three weeks at Shrubogyan, Wisconsin. They were guests at the MacVicar cottage located in that part of the state. Mrs. T. C. MacVicar is staying on for a few days and will return with her son, Jack, the first part of next week.

Mrs. Galloway Is Guest of Daughter

Mrs. Edward Galloway of Springfield is making a visit of several days in this city. She is the guest of her daughter, Mrs. Jean Bentley, in her home at 712 West Douglas avenue.

Office And Store Workers Take Vacations

The summer months bring a steady stream of vacation periods for young women employed by the stores and companies in different parts of the city. Many of these girls are visiting with relatives in many parts of the country and a variety of other diversions attract those who are allotted their two weeks or longer of leisure.

At the Illinois Telephone Company a number of women are enjoying their vacations at this time. Mrs. Anna Swanson, commercial supervisor, is spending her two weeks in Milwaukee, Wisconsin, where the climate

\$17,500 for construction of a bridge over Kincaid creek in Jackson county. The bill, Gov. Emmerson said, is unconstitutional by attorney general.

Other appropriations vetoed were appropriations made for the purpose of paying claims that have either been disallowed by the court of claims, or are still ending before it. They are: Harida Fletcher, personal injury, \$4,700.00.

W. E. O'Neill, Construction Co., \$10,331.20. James Garm, personal injury, \$1,300.00. W. H. Hirtman, personal injury, \$700.00.

Maxine Browning, for injuries sustained by husband, a member of the 8th Infantry, national guard, \$1,000.

ACTRESS' DEATH IS INVESTIGATED New York, July 10.—(AP)—Evidence that a party had been in progress in the Forest Hills home of Mrs. Marion Berrien, former actress, less than an hour before the fire which damaged her house broke out, was revealed today by Inspector John J. Gallagher who is investigating the woman's death.

The information, police said, was obtained from Joseph J. Gelper, friend of Mrs. Berrien, whose charred body was found in her home yesterday.

The party, police learned, started some time Monday night and lasted until 1:20 o'clock Tuesday. Fire broke out at 2 a. m. Tuesday. Mrs. Berrien was missing at the time and her husband was ordered by Chief Fire Marshall Brophy, who believed the fire was incendiary.

Inspector Gallagher today said he has yet to question other of Mrs. Berrien's associates and friends before determining whether the fire and death were accidental. The body will be examined for bullet or other wounds.

Gompers, another man and a woman attended Mrs. Berrien's party, police said.

Mrs. Berrien was the widow of Commodore Berrien, U. S. N., who died in 1930.

LABOR LEADERS WILL MEET IN CAPITAL Washington, July 10.—(AP)—Labor leaders of the bituminous coal industry were summoned today to a conference here to supplement yesterday's meeting of mine operators.

The gathering will take place next Monday. It is intended as a further effort to find a common ground on which all interested elements of the industry may be called together for a discussion of its ills.

The operators yesterday said they could see little prospect of beneficial accomplishments at a general meeting.

should offer something in the way of cooler weather. Miss Dorothy Yeck is taking a two months' leave of absence which she is devoting to visits with her sisters in Virginia and Tennessee. Miss Eileen Sweeney has gone to that always popular spot with local residents, Matanzas Beach. Others who are making their vacations now but have announced no particular plans except for occasional side trips are Miss Lila Elliott, Miss Frances Elliott, Mrs. Fanny Johnson and Miss Ethel Wagner.

Mrs. Houston Cowgur, an employee of the P. J. Waddell store, left her duties Thursday evening for a vacation of two weeks. Mrs. Frances Hazelrigg, who holds a position at the same store, will begin her two weeks' free from employment tonight.

Mr. and Mrs. Green Leave on Trip

Mr. and Mrs. Harvey Green and daughter, Shirley Ann of 517 South Church street left last evening for Carthage, Illinois where they visited overnight with Mr. and Mrs. Bryan Coons, former residents of this city. They expected to proceed on today to Iowa where they will be guests for a week at the home of Mr. Green's parents.

Local Group Attends Birthday Party

Jacksonville residents were among the guests which enjoyed a surprise party given this week for Olivia Barnes in her home near Sinclair. The event honored her fourteenth birthday and was planned by friends and relatives from Sinclair and this city. Refreshments were served as a conclusion to a pleasant evening.

Those present were Mrs. and Mrs. Mac Copeland, Mr. and Mrs. Oscar Barnes, Mr. Henry, Mr. Lamkular, Freddy Lamkular, Ralph Johnson, Clarence Copeland, Miss Virginia Copeland, Miss Marjorie Copeland, Miss Edith Crews, Miss Wreath and Ruby Rafferty. Mrs. Copeland, Miss Effie and Olivia Barnes and Miss Dorothy Waggoner, all of Sinclair and Jacksonville.

BLAZE DAMAGES SEPARATOR AND BURNS HAY MOWS

Two large sized hay stacks and some farm machinery burned Friday morning when a blaze started at Andrew Harris' farm north of Alexander. The burning crew was at work when, sometime after 11 o'clock, the fire started. The two stacks burned to the ground and part of a separator nearby was damaged by the fire.

WHITE HALL MAIL SERVICE CHANGED

White Hall, July 10.—There will henceforth be no Saturday afternoon city delivery of mail, according to a statement by Postmaster L. R. Winn. This action has been taken by the local postmaster to meet the provisions of the 44-hour week granted to postal employees by the last congress. This agreement went into effect July 1st, and the first Saturday afternoon following its effectiveness was a legal holiday.

A copy of the "Technician", annual of the Detroit School of Technology, reveals a fine likeness of Clarence W. Winn, familiarly known as Clyde Winn, who has been connected with that institution the past ten years as dean of engineering. The graduating exercises took place June 31st, and his admission to the graduates forms a masterful leading article in the volume. Dean Winn is a son of Mr. and Mrs. W. A. Winn of White Hall. He graduated from the White Hall High school in 1903.

RETURN TO MISSOURI Mrs. H. M. Edwards and son Clarence returned yesterday to their home in Doniphan, Mo., after spending the past several weeks here with their daughter and sister, Mrs. Nick Caruso, and husband of 339 West Morgan street.

SPRINGFIELD IS LOSER TO LOCAL WOMEN GOLFERS

Local women golfers were again victorious Thursday afternoon when a team from the Jacksonville Country club played Springfield. The score was 94 to 83, figured according to the Nassau system. The award for low medal was given to Mrs. Paul Moriarty.

Mrs. Moriarty and Miss Anne Bellatti played with Mrs. Weldon and Mrs. Figuera of Springfield. Mrs. Moriarty winning 11 points and losing 11 and Miss Bellatti winning 2 and losing 1. The second match was played by Mrs. Allen King and Mrs. Milton Stout against Mrs. Siedel and Mrs. King lost 1 and won 2, and Mrs. Fred Randall and Mrs. Cass Hamm formed the third foursome with Mrs. Garwick and Mrs. Heller of Springfield. Mrs. Randall secured a victory and lost 23, while Mrs. Hamm won 21 and lost 1.

MRS. DONAHOE MAKES W. R. C. INSPECTION TRIP

Mrs. M. J. Donahoe of 857 West State street has just returned from an inspection trip made in the interests of the Woman's Relief Corps in company with Mrs. Helen Grigsby of Pittsfield, Illinois district president. Mrs. Donahoe is state secretary of the organization and is serving her fifth year as chairman of the hospital committee with the result that all work done by the Corps in the hospitals has been carried on under her supervision.

Mrs. Donahoe visited the government hospitals in Chicago, the Edward Hines, Jr., hospital and the North Chicago United States Veterans Bureau hospital. The party also made an inspection at the Great Lakes Naval hospital at the Great Lakes Training school. The Jacksonville woman reports that there are more than 4,000 boys in each of these institutions, those in Chicago being primarily World War men while the boys now in active service in the navy are located at the Great Lakes hospital. The North Chicago hospital is for mental cases while the other two handle physical disabilities.

Mrs. Donahoe explained that the Woman's Relief Corps, an auxiliary to the Grand Army of the Republic, was originally founded to help the Civil War veterans, but since so few of these are living now, it has used its funds to assist veterans of any war. It was in connection with this

A THLETICS NOSE OUT YANKS; CARDS BEAT REDS

For The Seventh Time This Season Macks Defeat Yanks In Extra Inning Ball Game

New York, July 10.—(AP)—For the seventh time this season the New York Yankees engaged in an extra-inning contest today and for the fifth time they went down in defeat as the Philadelphia Athletics beat them out, 6 to 3, in fourteen innings.

Max Bishop's triple in the fourteenth, a wild pitch by Ed Wells, Al Simmons' single and a triple by Jimmy Fox gave the champions their margin of victory.

But for Lou Gehrig, the A's would have won in the regulation time. The Yankees were out in the last of the ninth when Babe Ruth singled and Gehrig deposited his twenty-second home run of the year in the right bleachers, to tie the score, 6 to 6.

The box score:

| Philadelphia | AB | R | H | O | A | E |
|--------------|----|---|----|---|---|---|
| Philadelphia | 25 | 6 | 12 | 4 | 0 | 0 |
| Yankees | 25 | 3 | 11 | 3 | 0 | 0 |
| Philadelphia | 25 | 6 | 12 | 4 | 0 | 0 |
| Yankees | 25 | 3 | 11 | 3 | 0 | 0 |

Maybe There is Something in a Name After all

St. Louis, July 10.—(AP)—Maybe, after all, there's something in a name. William H. Ferrell, 17-year-old rookie at the citizen's military training camp at Jefferson barracks, pitched a no-hit, no-run game today, in the first round of the camp's baseball tournament. In addition to shutting out the "D" company team, Ferrell hit a triple, a double and a single, and enabled his team representing headquarters company, to win 5 to 0.

Ferrell, whose home is at Elizabethtown, Ill., is not related to the major league Ferrells, West of the Cleveland Indians and Rick of the St. Louis Browns.

About 200 boys who received their opportunity to come to camp when others previously accepted failed to report, arrived today and went through routine of being outfitted and assigned to quarters.

DOROTHY FISHER JUNIOR CHAMP

La Grange, Ill., July 10.—(AP)—Dorothy Foster, Springfield, Ill., romped away with the women's western junior golf championship today with a top-50 score of 6 and 5, triumph over Eleanor Tobin of Chicago in the 18-hole final match.

Miss Tobin, who barely wedged in the qualifying bracket with a 105 score, was no match for the Springfield girl. She shot a record 45 and won but one hole, the eleventh, which she scored in par 5. Miss Foster shot a 45, five shots over par, on the outward journey to get a seven-up lead and breezed to victory the rest of the way. The one-sided struggle ending with a halved hole on the thirteenth green.

Par out: 555 3 30 543-40
Miss Foster out: 496 4 06 643-45
Miss Tobin out: 683 4 07 734-57
Par in: 554 4
Miss Foster in: 656 5
Miss Tobin in: 656 5

WIDOW DIES

Chicago, July 10.—(AP)—Mrs. Alice Charlotte Cummings, widow of the late James S. Cummings and sister of the late H. M. Byllesby, who were original partners of H. M. Byllesby and Company, died today aged 75. She was born at Montrose, N. J., and had lived here 45 years.

Johnson, Miller, Boley, Wild pitch—Wells. Winning pitcher—Earnshaw. Losing pitcher—Wells. Umpires—Guthrie, Van Graffan and Ormsby. Time—2:28.

BRAVES BEAT DAZZY VANCE

Brooklyn Star Pitcher Driven Off the Rubber in the Eighth Inning and Boston Wins, 4 to 3.

Boston, July 10.—(AP)—Subdued by Dazzy Vance for seven innings, the Braves came to life after two were out in the eighth to drive the Brooklyn ace from the mound, score three runs and defeat the Robins, 4 to 3, in the second game of the series.

A double by Moore, who had replaced Urbanski at third base after the latter had been knocked unconscious chasing a foul into the grandstand, started the Braves' rally.

Today Last Day To Enter Net Tournament; Entries Still Slow

Today is the last day to enter the Journal-Courier's fifth annual city championship tennis tournament, for the list will be closed tonight at six o'clock, pairings made and time schedule arranged. The pairings will be published in the Sunday morning Journal, and play will begin on Monday, July 13th.

Only three entries were received yesterday, Henry Irving and Jack Vickery entering the singles, and Jim Magner and Francis Shanahan the doubles tournament. Maynard Weber, of Springfield, who will take up work in Jacksonville on Monday, has entered the district singles tournament. Weber is a former Illinois college athlete.

Response to this year's tournament has been unusually slow. More persons are playing tennis in the city today than ever, but evidently are staying out of the tournament for fear that they may not win. However, out of the complete city entry, only one player will win the title, and there will be a lot of enjoyment in meeting some of the best players.

Ranking favorites for the city championship thus far are Owen Thompson, high school champion, Kenneth Chenoweth and R. Y. Rowe. Rowe has been up to the finals in four of the five tournaments and has yet to win his first singles championship. Thompson has been a favorite in past years, and has gone to the quarter and semi-finals, but has never won a championship. He draws his rating this year because of a better net game and a harder and more accurate driving stroke. Chenoweth has been a strong player with the Jacksonville Tennis club, defeating Rowe in one match of the club's ladder tournament, but losing his advantage immediately when Rowe defeated him.

This year's tournament unfortunately comes at a time when many of the players are attending the C. M. T. C.

FAN BREEZES

by Ernest Savage

HURRY, HURRY, you tennis players. Today is the last day to enter the city championship, district championship, and doubles tournament. This is the only tennis tournament which will be staged by this newspaper this year, so don't wait for the next one. There won't be another.

We have been disappointed very much this year with the response to the tennis tournament, for the event has been well received in past years. We would like to see about twenty more entries in the city singles, ten or fifteen more in the district singles, and five or six more in the doubles tournament.

Remember, six o'clock this evening is the deadline on the entry list, for after that we must go into conference and set the playing schedule and playing times. That job takes an hour or two off our week-end.

And the Nichols Park golf tournament this Sunday is going to take a few more hours off our week-end. Thirty six holes of golf are scheduled for a pair of interesting shot-makers in the championship round of the tournament.

Homey Mitchell, one of the contestants, took a practice round yesterday over the Nichols park course, shooting a 34 on the first nine, and losing count of his score on the second nine, because he laughed too much at the boys with whom he was playing. Well, 34 is pretty good golf, and if we can go by what the boys who play that sort of golf say, Mitchell will poke out a lot of 34's during a season.

Mitchell sort of holds the park course in contempt, for he declares a player can make a lot of mistakes and still get a 35. He says it cannot be done over at the Country Club course because there are too many traps to catch shots that go off line.

Railroad tracks, ravines, water, trees mean nothing to Mitchell, for the theory is that there are none of these hazards in a place where he is apt to find them.

Henry Taylor, the Virginia youth who sprinted for Knox College, now wears the colors of the Los Angeles Athletic association. Taylor won third place in the 220 yard dash at the National A. A. U. meet in the junior division, a division of runners who have never won a first place in the event in an A. A. U. meet.

Taylor will return to Los Angeles until this fall, to get in condition for the Olympic games. Taylor ran the century and furlong for Virginia high school before going to Knox.

I. C. PRESIDENT TAKEN ILL; NOTHING SERIOUS

Dr. C. H. Rammelkamp is a patient at Passavant hospital on account of an attack of acute indigestion with which he was seized sometime Thursday night. Mr. Rammelkamp and other members of the family are attending the summer, and Dr. Rammelkamp went to the hospital for care and in order that the cause of the attack might be sought by physicians.

The condition of the Illinois College president is not considered serious and he was resting comfortably yesterday.

Dr. Rammelkamp will doubtless be out again in a few days.

Cardinals Tighten Hold On First Place By Giving The Redlegs Trimming 2 To 1

With The Big Six

Babe Ruth's failure to collect more than two singles in seven times at bat against the Athletics yesterday cost the Yankees their undisputed leadership of the batting parade. He lost four points and fell back into a deadlock with Eddie Morgan of Cleveland, each with an average of .388. Morgan was idle. Harvey Hendrick of Cincinnati, only other member of the Big Six, lost two points and hit one out of four against the Cardinals.

The leaders:

| Player | G | AB | R | H | Pct. |
|-----------------|----|-----|----|-----|------|
| Ruth, Yankees | 67 | 242 | 69 | 94 | .388 |
| Morgan, Indians | 63 | 209 | 43 | 81 | .388 |
| Webb, Red Sox | 71 | 275 | 55 | 103 | .375 |
| Davis, Phillies | 68 | 216 | 18 | 79 | .366 |
| Klein, Phillies | 76 | 305 | 72 | 110 | .361 |
| Hendrick, Reds | 61 | 237 | 33 | 83 | .350 |

St. Louis, July 10.—(AP)—Taking the third straight game from the Cincinnati Reds here today, 3 to 1, the Cardinals tightened their lead on first place in the National League race. The champions now are 41 games ahead of the New York Giants and 5 games in front of Brooklyn.

| Score: | | | | | | | | | |

WINS GOLF MATCH

Columbus, Ohio, July 10.—(AP)—Bob Kepler, Dayton, number one man on the Ohio State University golf team, today won the state amateur golf championship by defeating his fellow townsman, Scotty Reston, 4 up and 3 to play.

Kepler forged ahead on the sixteenth hole of the morning round after trailing the University of Illinois captain-elect, and was never headed.

C. STRAWN USED CAR BARGAINS

Drive a Six and you'll buy a Six

So much more smoothly does a six perform—so much more quietly, comfortably and flexibly—that, once you have experienced the pleasure of driving a six-cylinder car, you will never be satisfied with less.

Nor is it necessary to be satisfied with less. Six-cylinder performance is today within the reach of every new car buyer in America—for Chevrolet is one of the world's lowest-priced automobiles.

Moreover, you can enjoy six-cylinder performance in the Chevrolet Six without one penny extra for maintenance and operation. It costs no more for gas, oil and tires! And maintenance expense is actually reduced by the freedom from destructive vibration.

Drive a Chevrolet Six and discover these facts for yourself. Come in today!

New Low Prices—Chevrolet passenger car prices range from \$475 to \$650. Truck chassis prices range from \$355 to \$490. All prices f.o.b. Flint, Mich. Special equipment extra. Low delivered prices and easy G. M. A. C. terms.

Any Chevrolet dealer or salesman will give you without obligation, a free ride in a Chevrolet Six—any time

REDLEGS TO PLAY BROWNING TODAY

New Team to Show Wares in Jacksonville—Gordon Henry Leading State Hospital Sluggers With Average of .468.

The State Hospital Red Legs with 8 wins out of 12 starts so far this season will take on some new competition this Saturday on the state diamond, meeting the Browning Indians of that place. Browning in the last few years has produced some fast independent baseball teams and this will be the first time a Browning team has shown its wares on a Jacksonville diamond. No lineup has been sent to the Red Legs but it is expected that when the team takes the field that some Beardstown semi-pro faces will be seen, as last season Lee Stocker who is well known to Jacksonville fans managed Browning and is a favorite in that town.

The Red Legs are hitting the old adage at a merry clip at present and it is going to take a hard hitting aggregation to stop them. Gordon "Taff" Henry is out in the lead with a .468 season average; Mohan is second with .423; Kibbett is right on his heels with .416; Galassee .388; Neane .353; Eddie Blesse .324; Barnes .319; Cline .293; Beley .261.

The game tomorrow is scheduled to start promptly at 2:30 p. m. with the Red Legs lining up as follows: Boser or Blesse 2b; Clarke rf; Mohan ss; Kibbett lf; Henry cf; N. Neane or Klutts c; Dow 3b; Tiff, Barnes or Galassee, p.

SCHAAF KNOCKS OUT JIMMY MALONEY

Boston, July 10.—(AP)—Ernie SchAAF scored his second consecutive knockout over Jimmy Maloney, his rival Boston heavyweight, in the third round of their return ten round bout before 18,000 fans tonight in the Boston Garden. SchAAF's terrific right hook dropped Jimmy four times in that session, but the South Boston Irishman gamely took three short counts, and as he reeled about the ring, SchAAF flattened him again with a carefully aimed right to the jaw. SchAAF weighed 205, Maloney 200.

DANCE, NICHOLS PARK TONITE. 10c Couple

Toronto, Ont. July 10.—(AP)—The old master, Walter Hagen, toured around Mississauga's layout in 68 strokes in the second round of the Canadian open golf championship today to blast his way into the lead by a single stroke.

Hagen's 36-hole total of 136, representing a pair of 69's, just good enough to nose out Johnny Farrell of New York, former United States open champion, who added a 68 today to his 69 of yesterday for a total of 137.

Back of these two trailed Percy Alliss of Germany, whose 67 in the first round had given him the lead on the field. Allis slipped to a 71 today for a total of 138, two strokes ahead of the defending champion, Tommy Armour, who put together rounds of 68 and 72 for 140.

Tonight the field was cut for the final 36 holes of the championship tomorrow by the elimination of all those more than 140 strokes behind the leader. All of the outstanding United States, British and Canadian contenders were within that limit, the survivors including 33 from the United States, 32 from Canada, 10 from Great Britain, one Frenchman, Auguste Boyer, and the British-born Alliss from Berlin.

SCOUT TROOP MEETS

A number of tests were passed in the meeting held recently by the Girl Scouts of Jacksonville Troop No. 4, held at the Grace M. E. church. Shortly after the session was opened at 7 o'clock Alice Galtier announced that Mary Katherine Johnson would discuss what should be done in case of fire. Later several of the members passed some of their second class tests. A number were successful in the examination on the American flag and others on the sixteen points of the compass. Marjorie Wright was voted into the troop.

The members closed the meeting by singing taps.

VIOLATE PROHIBITION LAW

Chicago, July 10.—(AP)—Three Chicago men were charged today with violating the prohibition laws following a federal raid on a brewery in McHenry, Ill., late yesterday.

The beer making place, agents said, was established in an old cheese factory. Almost 6,000 gallons of beer, and a delivery truck, were confiscated.

SIXTEEN HUNDRED YOUNG MEN AT TRAINING CAMP

With "civies" laid aside for a month 1,600 Illinois and Missouri young men have embarked on a month of army life at Camp Howze.

This is the eighth citizens' military training camp at Jefferson Barracks. Experience gained in the past has been used to make the wheels of organization run smoothly. One source of confusion, in the past eliminated this year was the too early arrival of students. Only a limited number reached camp ahead of time, the majority arriving on the prescribed day.

Upon arrival the students were taken in hand by the personnel of the Sixth Infantry and started through the "mill," which takes in a civilian at one end and turns out a man in uniform at the other. Medical examination was followed by assignment to companies and outfitting. Careful attention was given to proper fitting of uniforms and shoes. Students were instructed in the proper angle at which to wear their campaign hats, told to keep ties tucked in shirts, and to do the other little things which make for a soldierly appearance.

The "processing," which would be used in mobilizing any army in any future emergency, was practically all students being in uniform Tuesday. Wednesday morning the first formations were held, basic students receiving their first instruction in fundamentals. Right face, left face, when and how to salute were among the first lessons.

Drill instruction is now under way, and more light is daily being cast on the mysteries of squads right and left. Instruction in citizenship, hygiene, and first aid complete the morning program.

The students have been organized into three rifle companies, two machine gun companies, a communications platoon, and a band. The nucleus for the band was supplied by members of the Robinson (Ill.) Township High School band. The setup this year differs from previous camps, as last year there were eight rifle companies and three machine gun companies.

There are fewer students in camp this year than last, when 1,828 reported, due to the fact that Arkansas has its own citizens' military training camp this year at Camp Pike. The caliber of the youths reporting this year is up to standard, and there is every indication of a successful training period.

Camp Howze is named for Sergeant James A. Howze, a Kirkwood, Mo. youth, who gave his life in the World War while serving with the Third division. Camp streets have been named for other Missouri and Illinois soldiers who lost their lives in the great war.

WALTER HAGEN LEADS FIELD

Toronto, Ont. July 10.—(AP)—The old master, Walter Hagen, toured around Mississauga's layout in 68 strokes in the second round of the Canadian open golf championship today to blast his way into the lead by a single stroke.

Hagen's 36-hole total of 136, representing a pair of 69's, just good enough to nose out Johnny Farrell of New York, former United States open champion, who added a 68 today to his 69 of yesterday for a total of 137.

Back of these two trailed Percy Alliss of Germany, whose 67 in the first round had given him the lead on the field. Allis slipped to a 71 today for a total of 138, two strokes ahead of the defending champion, Tommy Armour, who put together rounds of 68 and 72 for 140.

Tonight the field was cut for the final 36 holes of the championship tomorrow by the elimination of all those more than 140 strokes behind the leader. All of the outstanding United States, British and Canadian contenders were within that limit, the survivors including 33 from the United States, 32 from Canada, 10 from Great Britain, one Frenchman, Auguste Boyer, and the British-born Alliss from Berlin.

WHEAT PRICES DROP LOWER

By John P. Boaghan
Associated Press Market Editor
Chicago, July 10 (AP)— Enormous arrivals of new domestic wheat, with prospects that the harvest movement will be completed in less than four weeks, led today to fresh breaking of low price records. The market fell to the bottommost level since 1894, outdoing yesterday's tumble to below any drop later since 1894, outdoing yesterday's low of 74 1/2 cents for No. 1 hard red winter wheat, and breaking the low of 75 cents set in 1894. Today's minimum for July wheat, representing the 1931 crop, was within 2 1/2 cents of the lowest point ever reached by future delivery contracts on the Chicago Board of Trade.

The United States government has ordered the 1931 crop of wheat to be sold

official estimate on winter wheat being spring materially above expectation whereas spring wheat was smaller. The official total on all wheat was 12,000,000 bushels less than looked for. Wheat closed unsettled at about the level of the previous day. The price of corn, off to 1-1/2 up, oats varying from 1/4 decline to 1-1/4 advance and provisions unchanged to a scribble of 1/2 cents.

It was the sixth straight day of declining wheat prices, a little flash of strength was shown at the start owing to the fact that the market had been Liverpool quotations, a circumstance ascribed to bullish conditions outlined in the Canadian government crop report. Downings of prices quickly ensued, however, influenced especially by announcement of big receipts at Kansas City, and the market closed responding to the last year's level. The effect was later intensified by the fact that primary arrivals totaled 4,551 cars, an aggregate considerably larger than a year ago.

wheat were indications that buyers abroad stood in awe of a broadening of Russian exports threatening to begin shortly. Meanwhile, further tightening of French import restrictions was announced, 5 per cent moratorium on French-grown wheat being heretofore required in flour, making the allowance of foreign wheat only 15 per cent against 30 per cent a week or so back. Assertions that farmers in parts of Nebraska and Kansas were storing their wheat rather than sell at present prices were without apparent market effect.

was selling pressure on the deferred months. Weather conditions have

READ THE STORY—THEN COLOR THE PICTURE

The donkey slowly poked along and, when the whole bunch looked around, they saw some girls in flimsy garments jumping in the air. Said the donkey, "Gee! Just see them prance. I guess that is a fancy dance. Let's stay and watch them for a while. I'm sure they will not care."

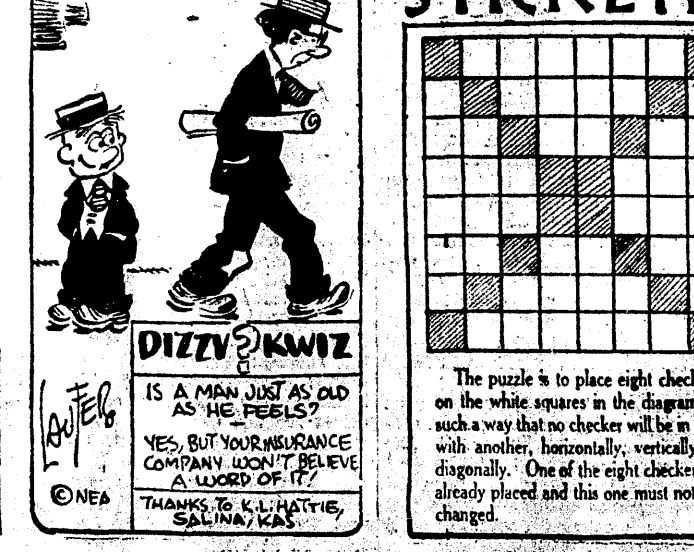

BLAZING STORAGE CAR MENACES OTHER TANKS

Lockport, Ill., July 10.—(AP)—Fire raging all night in a storage tank at the Texas Company oil refinery here, threatened today to spread to the control house and menaced neighboring tanks with the intense heat. Lightning started the blaze late yesterday and firemen strove through the night to hold it to the one tank where 35,000 barrels of oil were burning. The tank burst with the heat, but the Lockport and Joliet fire departments believed they had mastered the fire. The refinery is situated on the Chicago-Joliet state highway.

TRAIN SERVICE REDUCED

Benton, Ill., July 10.—(AP)—For the first time in a half century, no steam passenger trains now operate on the Illinois Central from Pinckneyville to Eldorado. Decline in patronage has induced the company to install gasoline-electric coaches, which require a crew of two men, while the engine-drawn trains need five.

The Missouri Pacific has replaced steam trains with the new coaches between Gorham and Benton, and the Chicago, Burlington & Quincy followed suit on its line from Centralia to Herrin.

HANS LUTHER IS
SEEKING LOANS
IN PARIS, CLAIM

President of Reichsbank is
Desirous of Securing
\$400,000,000

Paris, July 10.—Hans Luther, president of the German Reichsbank, spent this whole day going back and forth between the Bank of France and the finance ministry seeking French participation in a \$400,000,000 loan to Germany.

For nearly three hours he talked with Count Montet, governor of the Bank of France, conferred with Pierre Flandin, minister of finance, had luncheon with half a dozen financiers, and wound up the day in conference with Premier Laval.

Tonight he was to fly back to Berlin to count the cabinet and on Monday he will be at Basel for a meeting of the directors of the Bank for International Settlements.

He was as uncommunicative today as he was in London yesterday, but it was understood that he is seeking advance payment to the sum by which Germany's budget will be lightened under the Hoover moratorium, amounting to about \$85,000,000 which would be repaid in monthly installments. He also sought a renewal of the \$100,000,000 one-month loan made by the Bank of England, the Bank of France, the Federal Reserve Bank of the United States and the Bank of Italy at Basel, which falls due next Thursday; he would like to extend that loan and increase it by \$100,000,000, and he is said to seek a one or two-year loan of \$400,000,000 for the Gold Discount Bank of Germany.

In financial circles here it was said that today's confabulations were confined to the technical aspects of the problems confronting Germany, and that France probably will impose political conditions if she consents to join the central banks of other nations in aiding Germany.

PIPE LINE CRE WHAS
LEFT MURRAYVILLE

Murrayville, July 10.—Murrayville may have natural gas in months to come, but nothing definite as to when this improvement will come is known. The Panhandle pipe line crew is finishing up its work near here and most of the men already have been transferred to other points along the line from Texas to Indianapolis. The prospective gas wells that were drilled on farms in this community have been plugged. It is understood that gas from these wells will be marketed through the cross-country line when the company begins to dispense gas to the public.

Mrs. and Mr. Raymond Hart of Springfield spent the week end with Mr. and Mrs. C. L. Blakeman. They took Margaret Hart back to Springfield where she will spend a week in the home of her mother and aunt.

Mrs. W. A. Wessner spent Sunday in Jacksonville with her husband, Dr. Wessner, who is at the home of his daughter, Mrs. C. R. Short. Dr. Wessner has been in poor health for several months.

CONSIGNMENT SALE

Aggett & Savage held their 14th consignment sale at Ashland Thursday with a good attendance.

The Ladies Auxiliary of the American Legion served lunch. Merchandise of all kinds, lumber, posts and all kinds of livestock were offered for sale and good prices prevailed.

The next sale will be July 28.

Waverly

Waverly, Ill., July 10.—Word has just been received here of the marriage of Richard Lythell, son of Mr. and Mrs. James Lythell of this city, to Miss Harriet Pinch of Chicago, the ceremony having taken place March 19 in Chicago. They will reside in Chicago where the groom is employed.

Miss Imogene Shane of Springfield is a guest of Miss Opal Harner, Dr. and Mrs. Carleton Smith of Chicago are visiting at the home of Mrs. Smith's brother, Russel Lankton.

Mr. and Mrs. Nelson Scribner and granddaughter, Miss Louise Hazel left for an extended motor trip thru the west.

Dr. and Mrs. Paul Allyn, Mr. and Mrs. R. E. Coe and Mrs. V. G. Kephlinger are spending a few days at Quiver Beach.

Eugene Everett of Knoxville, Tenn., is visiting at the home of his aunt, Mrs. Frank Carleton Smith.

Misses Laura and Etta Hamilton have gone to Los Angeles, Calif., to spend several weeks visiting at the home of their brother, Eldred Hamilton.

Rev. and Mrs. W. T. Walrus and daughter Esther and Miss Catherine Sevier went to Providence to attend the sessions of the state young people's meeting of the Illinois conference, June 21-22.

Delmar Smedley and Richard Kerns left for an auto trip through the south.

Mr. and Mrs. Robert Strawn and daughters Patty left Wednesday for a visit to Washington, D. C., going by way of Timewell where they left the two boys, Robert and David, with their grandparents until their return.

FIND NARCOTICS
UNDER EAVES OF
OLD FARMHOUSE

(Continued from Page One)
his father, Austin, brother of William Cullen Bryant, were ardent abolitionists. The poet, who several times is known to have visited at Edward Bryant's home, also fought against slavery and was a foremost supporter of Abraham Lincoln. Through the medium of the New York Evening Post, of which he was editor for many years, the poet, author of "Thanatopsis" and other famous works, championed the union and anti-slavery cause.

Nelson said he was sure the narcotic package had been hidden beneath the eaves for many years, as it was merely by accident that his children discovered it.

He said he believed that it might have been brought there and cached by a Negro slave enroute to the north and freedom, who had to leave in a hurry or was possibly captured without divulging the hiding place.

Miss Grace Bryant, formerly librarian of Princeton and a granddaughter of Cyrus Bryant, said today she frequently had heard tales of her grandfather's and great-uncles' interest in the abolitionist cause and admitted the feasibility of Nelson's explanation of the cache.

MURDER SUSPECT
IS BEING HELD

Lima, Ohio, July 10.—(AP)—Elmer Hubbard, 33, was taken in custody tonight by officers investigating the deaths of Thelma Woods, 17, and Earl Truesdale, 25, whose battered bodies were found in a water-filled quarry here several weeks ago.

Hubbard, caretaker of the quarry was placed in the Allen county jail but police declined to reveal what evidence, if any, prompted the arrest. His brother Fred also was held for questioning.

Meanwhile county authorities announced that James May, 22, arrested on a warrant charging him with the murder of Truesdale, had virtually convinced them of his innocence and that he probably would be released tomorrow.

R. B. Walker has been suffering from an infection on one of his hands. John A. Carlson who has been ill for some time is reported as somewhat improved.

SENATOR SERRITELLA
RELEASED ON BOND

Chicago, July 10.—(AP)—State Senator Daniel Serritella and Harry Hochstein, indicted yesterday for maladministration of the city sealers' office, were released on bonds of \$5,000 each today.

Serritella, sealer in the Thompson administration, and Hochstein, his chief deputy, were named in six counts, specifically charging conspiracy to defeat justice and conspiracy to obtain money under false pretenses.

The indictments climaxed a six-month investigation of short weight charges against them by the state's attorney's office.

FINAL PRACTICE GAME
PLAYGROUND BALL FIELD

The last practice game in the playground baseball league before the official season gets under way was held last evening when the Modern Dairy team defeated the Weyand Shoe factory squad by a score of 27 to 21.

The season officially opens on Monday with the first game of the series to be called promptly at six o'clock at the high school athletic field. It is hoped that in a short time it will be possible to allow each team to play two games each week, but at the present only one field is available. The complete schedule for the summer will be published within a few days.

MAY RAISE FUNDS

Detroit, July 10.—(AP)—City Controller G. Hall Roosevelt announced today that plans were under way for organization of a syndicate of industrialists and bankers to lend the city \$50,000,000, but tonight leading bankers and manufacturers said they knew nothing of such plans.

Mayor Frank Murphy said the announcement was "at least premature" while heads of several of the companies named by Roosevelt as participating in organization plans said they knew of no plans for such a syndicate.

COMMITTS SUICIDE

Kankakee, Ill., July 10.—(AP)—William A. Costigan, 38, former Paxton grade school principal, is dead today of a self-inflicted bullet wound and his wife, Edna Ruth, 28, whom he shot before he turned the weapon on himself, is believed dying in a hospital here.

The double shooting occurred late yesterday along the Troquois river, and police believed despondency over loss of his position in Paxton prompted the school man.

The couple lived near Chebanse after their marriage last December.

WILL OPPOSE
JUDGE JONES
AT ELECTION

(Continued From Page One)
trations and indicated that the special election would be the opening note in Illinois for the 1932 campaign.

The Republicans today accepted that challenge by defending President Hoover's administration and by counting the Democratic victory that gave James Hamilton Lewis a seat in the senate as "no landslide at all."

Suspend Activities

Activities of the convention were suspended for a time while the credentials committee attempted to make peace between the two warring factions of Madison county Republicans.

One of the Madison county groups was pledged to the support of Judge Brown, while the other was opposed to his candidacy.

After considerable debate the credentials committee recognized the delegations supporting Brown because their credentials were approved by the regular Republican organization of Madison county.

Williams was one of the "dark horse" candidates who had been in various counties in the Madison county was realized and when several prominent pre-convention choices for the nomination announced that they would not be candidates.

Attorney June Smith of Centralia, who decided to make the race was chosen chairman of the convention. Other pre-convention possibilities who refused to permit their names to be placed before the delegates were State Senator A. S. Cuthbertson of Bunker Hill, and Walter Province of Taylorville, former United States District attorney.

Partner of Province
Mr. Williams, is closely associated with Mr. Province being his law partner at Taylorville. He is about 32 years old, which his sponsors pointed out is older than former chief Justice David G. Thompson was when elected to the supreme court.

The Republican nominee has only held one other elective office, that of state's attorney of Clay county. He is a world war veteran and the son of Thomas S. Williams, who resigned from congress several years ago for a change of county judge of the federal court of claims.

Four candidates in addition to Williams and Brown were placed before the convention. Judge Donovan D. McCarthy, of Richland county, was nominated by State Senator William McCauley, of Quincy. Fred W. Cee of Eastern County, Fred W. McCullough of Lawrenceville, A. B. Johnson of Roodhouse, by State Director of Agriculture Stuart E. Pierson of Carrollton and Judge William Mumford of Pike county by Fred Kiser of Pittsfield.

Williams received 63 votes on the first ballot and his strength continued to accumulate gradually as counties switched back and forth. When Judge McCarthy cast the entire Richland county support to him on the seventh ballot, Williams' nomination was clinched. Judge Brown also continued to gain votes, but was unable to win over delegates friendly to the Madison county faction which was denied seats in the convention, from the first ballot the fight narrowed down to Williams and Brown.

State Committee chairman C. J. Doyle of Springfield opened the convention with a plea for harmony between all opposing factions and led in the criticism of the Democrats.

"Many of us regret that the judiciary is elected along partisan lines," Doyle said, "but such is the case and when the Democrats make a party issue of an election of this kind we accept the challenge."

"The Vandalla convention was conspicuous by the character of partisan speeches made at a time when all the world was turning its eyes in horror at the crimes of the late president. President Hoover designed to bring back business stability and prosperity."

"Republicans have always known that a nation cannot live alone. Our happiness is bound up in the welfare of the rest of the world."

"As Republicans we believe that prosperity is bound to come back. The Democrats on the other hand take great hope in the business depression and want to see it continued until they are swept into office."

Chairman Doyle then turned to the recent election figures and pointed out that Senator Lewis received only 116,000 more votes than did Mayor Cermak, Democratic candidate for senator in 1928. He said that Mrs. Ruth Hanna McCormick was defeated by the fact that 901,000 fewer persons voted in the polls in the last election than voted in the preceding contest.

Denying Democratic claims that it is useless for the Republicans to seek to elect a supreme court justice in the second district, Chairman Doyle pointed out that the district was family matters creep into the last election."

"The trouble was that we last family matters creep into the last election."

"The trouble was that we last family matters creep into the last election."

"The trouble was that we last family matters creep into the last election."

NEWSPAPERMAN
AND WIFE HURT
IN ACCIDENT

Were in President's Party Enroute to Mountain Camp in Virginia

Luray, Va., July 10.—(AP)—President Hoover arrived tonight at his mountain camp near here after a newspaper man and his wife who were members of the party had been injured enroute in an automobile accident.

The chief executive, however, was uninformed of the crash until he reached his camp, as his car was at the head of the cavalcade and that in which Frank Connor, correspondent of the New York Herald-Tribune, and Mrs. Connor were riding at the rear.

Mrs. Connor was given first aid treatment at the scene of the accident and then taken to Washington, suffering with a broken collarbone and severe shock. Mr. Connor was only slightly scratched and bruised. The accident occurred near Fairfax, Va., about half an hour after the five automobiles left the white house for the slightly over 100 mile drive to the Rapidan river retreat of the President.

Moving along between 50 and 55 miles and hour, all of the cars except Connor's had passed a large bus going in the same direction. As he attempted to pass, his car was said to have skidded from the road and then been struck by the bus. It was overturned and thrown more than 25 feet from the road.

While the preceding cars went ahead without knowing of the crash, the press association car halted and took the injured pair to a Fairfax doctor.

Later they were transferred to Emergency hospital in Washington.

SHORT SELLERS
ARE CONDEMNED
BY PRESIDENT

(Continued from Page One)
the grain whenever market conditions President Hoover said that the board re-confer with its policy.

This, too, failed to satisfy the farm leaders. They have since demanded further change of policy, some asking that the stabilization wheat be held for a year, others that it be kept off the markets until the crop now being harvested has been disposed of, and a third group arguing none be sold until the price has reached \$0.85 or \$0.90.

Prices on the Chicago market have dipped close to the fifty-cent mark, influenced by heavy movements of the new crop and lack of export demand. Reports of a prospective world production drop and North American drought conditions have attracted little support.

The Statement
The president said:
"It has come to my knowledge that certain persons are selling short in our commodity markets, particularly in wheat. These transactions have been continuous for the past month."

"I do not refer to the ordinary hedging transactions, which are a sound part of our marketing system. I do not refer to the legitimate grain trade. I refer to a limited number of speculators. I am not expressing any opinion on the economics of short selling in normal times."

"But in these times this activity has a public interest. It has but one purpose and that is to depress prices. It tends to destroy returning public confidence."

The intent is to take a profit from the losses of other people. Even though the effect may be temporary, it deprives many farmers of their rightful income."

"If these gentlemen have that sense of patriotism which outruns immediate profit, and a desire to see the country recover, they will close up their manipulations. The confidence these transactions and desist from imposed upon me by law as a public official does not permit me to expose their names to the public."

"Finishing his prepared statement, the president then emphatically added:
"If I could, I would asidly do so."

St. Paul, Minn., July 10.—(AP)—"There is no doubt about the accuracy of President Hoover's diagnosis of the nation's speculative in the wheat market," C. E. Huff, president of the Farmers National Grain corporation of Chicago, said here tonight in commenting on the President's statement on speculation.

I admire the President for his courage in calling to the attention of the public the short selling episode. Mr. Huff said, "The clamor that the private grain trade has set up against the farm board's position on stabilization stocks furnished the basis for bear raids on the market by speculative short sellers."

"Thus we find that certain elements in the grain trade are deliberately beating the market down and at the same time seeking to convince the wheat producers that the farm board and the cooperatives are responsible for the declining wheat prices."

KILLS PLAYMATE

Taylorville, Ill., July 10.—(AP)—Richard Watkins, 8, only son of Mr. and Mrs. W. A. Watkins, was shot to death by Gilbert Lawler, 10, a lawler at their home this morning.

Doctor Lawler said he had handed what he believed was an empty automatic rifle to Gilbert to place in the kitchen. The youngster snapped it at his playmate, and the shot pierced the playmate's heart. He rushed into the Lawler's living room and died a few minutes later in Dr. Lawler's arms.

CHICAGO FRUITS

Chicago, July 10.—(AP)—Green fruits: apples 4-25-1.50 per bushel; cherries 11-00-1.25 per 16 quarts; peaches 6-00-6.50 per crate.

JOSEPH LYMAN OF
WINCHESTER DIES

Winchester, July 10.—Joseph Lyman, age 84 years, who with his wife had charge of the Transient House here, passed away this morning after three weeks' illness. He was a resident of Winchester practically all of his life.

Surviving are his wife and two children, Mrs. Ray Lankford, Canton, Ill., and Harry Lyman at home.

The funeral will be held at 2:30 o'clock Sunday afternoon at the residence.

REAL DISTRESS
IN GERMANY IS
IN SMALL TOWN

(Continued From Page One)
more burden falling on the community because of the unemployment problem. Those in insurance taking care of the jobless worker only for the first 26 weeks of his joblessness.

Only three households out of every eight are able to say "Well, we still can earn our living."

Consequently, mayors of such towns telegraphed appeal to Chancellor Brüning such as "We are at the end of the rope," or "Unless something happens soon our community will collapse."

Glashutte is not an isolated case. There are hundreds of German towns in the same predicament. Those in which only one worker out of four is unemployed consider themselves lucky.

Command Support
This is one reason why the nationalist parties, headed by Adolf Hitler and Heinrich Himmler, are able to command such great support in their unremitting attacks upon the government.

Even the newspapers which usually support the government have expressed their opposition to buying French arms in the expense of political concessions such as renunciation of the proposed customs accord with Austria.

To help these towns to tide over the present industrial depression is one of the chief hopes of German leaders in utilizing the breathing spell coming from President Hoover's moratorium plan.

WOULD KEEP HISTORY

Albany, N. Y., July 10.—(AP)—The state historian is trying to keep 13 barrels of state history from being taken to Detroit.

The barrels comprise the collection of manuscripts, correspondence and other documents relating to Phelps and Gorham's purchase of western New York in 1784.

Edw. Alexander C. Flick, state historian, said the collection had been handed down from generation to generation of descendants in Canaan and that the recent death of the last member of the family in Canaan might mean removal of the documents to Detroit, where a relative lives.
